Dr. Joshua Lederberg
Stanford University
Stanford, California

Dear Dr. Lederberg:

The National Academy of Sciences is inviting Dr. B. V. Timofeyev of Leningrad to come to the National Academy of Sciences meeting - *Oct. 11-13, '65* in connection with the program on carbonaceous chondrites, and I have suggested that he might like to visit Stanford and give a seminar on the fossils in the Mighei meteorite. If you would like to so invite him, I would be very glad to hear from you and would hope that you can give him an honorarium that will help to take care of his expenses. I should be very glad to hear from you regarding this.

Very sincerely,

Harold C. Urey
